Calabria is at the toe of the boot, the extreme south of Italy - lapped by the splendid crystal blue Ionian and Tyrrhenian Seas and separated from Sicily by the Strait of Messina. The warm climate, the beautiful colours of the sea, rocky coasts that alternate with sandy beaches, a nature that is wild and mysterious, the strong and genuine flavours of local food and the vestiges of its ancient origins make Calabria a unique place that vacationers can enjoy in both winter and summer.

Any wish can be fulfilled. Those who love nature in all its splendour and mystery, can explore the Calabrian hinterland. Discover its pure and unpolluted sceneries, expansive green belts, blue lakes and waterfalls. Alternatively, for those preferring basking in the warm rays of the sun and dive into a crystal-clear sea can choose from the many charming localities along the long Tyrrhenian and Ionian coasts. Taking all of that into account the city of Calabria is relatively untouched in comparison to the hustle and bustle of Ibiza and now Croatia. Mollo Space is a family owned plot of land that sits adjacent to the golden shores of the Ionian sea.

Holding your event at Mollo Space will give your brand the unique opportunity of being first to market. There are no other music festivals in operation and you could be one of the first events to be synonomously linked with of the city of Calabria.
